

Model No: FB602430

### Product Description:

The Hills Antenna FB602430 Adjustable Roof Mount is designed for use on a metal clad roof to suit various pitches from 0-30 degrees.

The mast and base bracket are adjustable to suit various applications, making it a versatile mount that suits different roof angles.

The mast is 900mm in length and suits small to medium size free-to-air digital TV antennas.

It is made from all steel materials for extra strength and hot dipped galvanised for superior corrosion protection.

Designed and made in Australia.
