

Digitek 4 Core Security Cable

03B144B3-WH

03B144B3-GY

- Digitek 4 Core Security cables are used in security, alarm and other low voltage, low current signaling applications.
- Suitable for connection of point-to-point security/alarm devices.
- They are commonly used to connect door, window, & motion sensors, smoke detectors, keypads and control stations.
- Specific areas of use include residential and commercial buildings, educational facilities, transportation hubs and hotels.

Description			
Part Number	03B144B3-WH & 03B144B3-GY		
Type	4 CORE SECURITY CABLE		
Specifications			
Conductor	14 x 0.20mm ± 0.005mm	Bare Copper	
Insulation	Thickness	0.25mm ± 0.03	PVC
	Diameter	1.30mm ± 0.05	
	Color	Red, Black, White, Green	
Shield	Width	N/A	N/A
	Thickness	N/A	
Drain Wire	Diameter	N/A	N/A
Jacket	Material	PVC	
	OD	4.2 ± 0.2mm	
	Thickness	0.5mm	
Package	300m / Pull Pack Box		
Remark:	(WH = White, GY = Grey)
