

MULTI-FAN WALL CONTROLLER

Brilliant's Multifan Wall Control is a great option when wanting to control 3 to 4 fans with one action. It's a fan only control that features 3 fan speeds and easy 2-wire installation.

- Designed to operate up to a maximum of 4 ceiling fans from one wall controller (not for single fan use).
- Replaces an existing AC wall controller.
- Compatible with most other brands of AC ceiling fans.
- 3 speeds and an on/off function for quick and easy operation of multiple ceiling fans
- Must be installed by a licensed electrician.
- Installation: fits standard plaster/stud brackets (84mm centres).
- 1 Year Warranty
