

Before first using your new Table Lamp it is most important that you read and follow these instructions, even if you feel you are quite familiar with this type of product. Find a place and keep this document handy for future reference.

For your safety

- To prevent electric shock ensure that power is OFF and UNPLUGGED before removing or inserting the light bulb.
- During use, the light bulb and/or light assembly becomes hot. To prevent burns do not touch the globe or any parts of the assembly with bare hands when it is hot.
- Do not install in a position where the fitting can be easily accessed by children or the infirm.
- Do not touch any part of the assembly with bare hands while it is 'ON'.

Instructions

- 1) Carefully unpack the fitting and dispose the packaging material thoughtfully.
- 2) Undo screws 'A' on the bottom of the base and remove lampholder's assembly 'B'.
- 3) Ensure the wall socket is switched 'OFF' this stage.
- 4) Insert E14 type globe (not supplied) into lampholder 'C' ensuring that it is secured firmly. Do not over tighten. Don't exceed the maximum wattage.
- 5) Refit lampholder's assembly 'B' and tighten screws 'A'
- 6) Plug the cord into the selected wall socket 'W' and turn the wall socket 'ON'.
- 7) Operate the table lamp by using the switch 'S' located on the cord .

Cautions & Maintenance

- During use the light globe will become hot. Always wait until it cools down before replacement.
- Exercise caution when touching light head metalware.
- Do not touch the globe with bare hands while it is on.
- Do not operate in a position where children or infirm persons can access the fitting.
- Do not operate in a position where flammable materials can come into contact with the lamp.
- Do not operate this lamp on flammable surfaces
- Do not look directly at the light source.
- Do not exceed maximum wattage
- Switch off the power then clean it by using soft cloth, do not use chemicals.

Warranty:

Brilliant Lighting warrants this product against defects in manufacture and workmanship for a period of 1 year from date of purchase or as specified elsewhere. For products used in non-domestic or commercial applications, Brilliant Lighting warrants this product for a period of 3 months from date of purchase. This warranty is only valid for products installed and operated within the guidelines specified by Brilliant Lighting, and within the correct operating voltage ranges as stated on the product's rating label.

Warranty does not include damage or loss arising from incorrect installation, operation or maintenance of this product, damage caused through modification, incorrect installation, service by unqualified or unauthorised personnel or lack of regular maintenance and cleaning. Proof of installation by qualified personnel may be required, e.g. Electrical Safety Certificate. Proof of purchase must be supplied with all warranty claims.

This warranty is provided in addition to any other rights and remedies of the customer under any law. In applications not intended for household, personal or domestic use, liability is limited to replacement or reimbursement of product only. Brilliant Lighting does not warranty the costs of removal or re-installation of this product or associated components.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

Any claim under this warranty must be made within the specified warranty period from date of purchase of this product. To make a claim under the warranty; at your own expense take the product (with proof of purchase – receipt or similar) to the store where you purchased the product or contact Brilliant Lighting at the address below.
