VERTICAL WALL MOUNT RACKS
Server Racks - Vertical Wall Mount

NCVWM2HXXX

DESCRIPTION

CERTECH Vertical wall mount racks have been designed as a solution for all wall mount rack installations, where limited space is available. This design allows equipment to be mounted vertically up to 900m, whilst only protruding 230, 320 & 410mm off the wall (pending model). All racks are manufactured around universal 19" standards, providing the ability to use our racks with universal 19" equipment from other vendors & manufacturers. All racks are constructed from high quality cold rolled steel & are shipped fully assembled for quick deployment.

FEATURES

- Hinged front door, adjustable to open left or right.
- Adjustable vertical and horizontal mounting rails
- Cable entry
- 100kg loading capacity

DETAILS
